

ACRON Business Plan v1

Vision

Build ACRON into an international backend engineering ecosystem combining open source, education, AI and SaaS.

Mission

Help backend engineers build production-grade systems faster through open source, documentation and tools.

Target Audience

Junior/Senior backend developers, startups, software companies, universities.

Revenue Streams

Courses, consulting, enterprise edition, cloud hosting, AI assistant, templates, certifications, sponsorships.

Go-To-Market

Weekly GitHub releases, 2 LinkedIn posts/week, 1 article/week, 1 YouTube video/week, community building.

Product Roadmap

Y1 core platform; Y2 community; Y3 paid products; Y4-5 SaaS/AI; Y6+ enterprise/global.

KPIs

GitHub stars, contributors, newsletter, YouTube subscribers, monthly active users, paying customers.

Risks

Burnout, low adoption, limited marketing. Mitigation: consistent roadmap, documentation, community.
